Feeling   sick   or   hurt.

When I have a headache.

I feel sick.
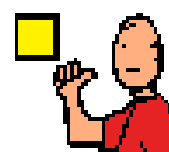

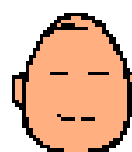

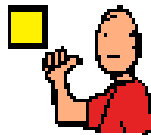

I touch my head
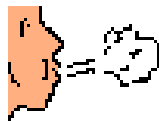

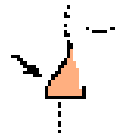

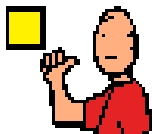

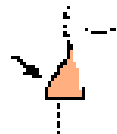

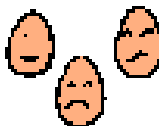

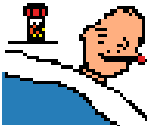

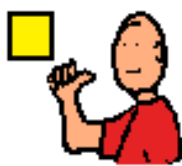

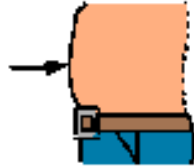

I blow my nose in a tissue

My nose is stuck.

I feel sick.

When   my   stomach feels   bad,

sometimes   I   throw up
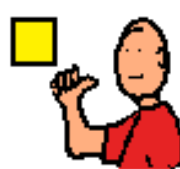

My ear hurts

I have an earache
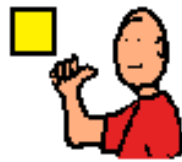

I touch my ear.

My   body   feels   hot.

I   have   a   fever
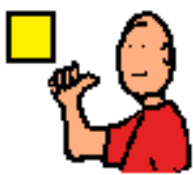

I   am   sick.

My throat is sore.
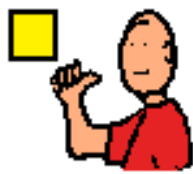

It hurts when I eat.
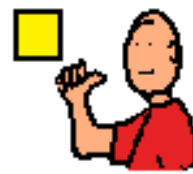

I am sick.

My   arm   hurts.

I   touch   my   arm.
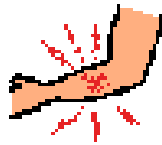

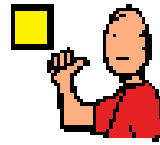

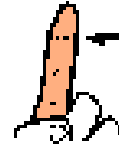

I   am   hurt

When I am sick,

my eyes get red.

My eyes get watery.

I	hurt	my	finger.
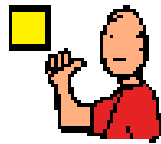

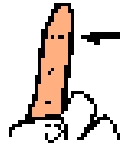

My	finger	was	red.
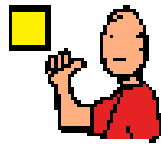

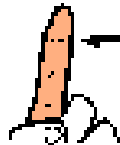

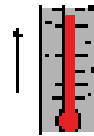

My	finger	was	hot.

1 One   leg   is   hurt.

1 One   leg   is   big.

Can   you   find   the   big   leg?
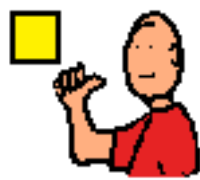

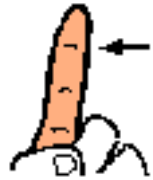

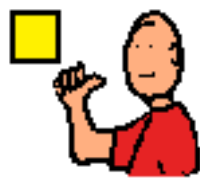

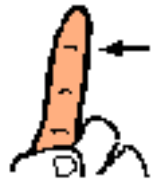

My finger = is bleeding
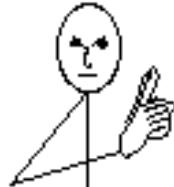

My finger = is hurt.

When I am hurt,

I must tell someone.
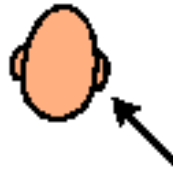

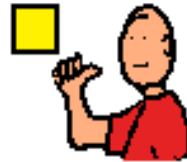

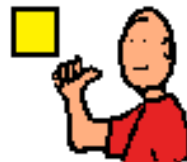

I   can   tell   my   family.

I   can   tell   my   teacher.

I   can   tell   a   friend.

The end.
