

OCEAN STATE EMPLOYMENT SERVICE NETWORK (OESN)

2022

What is the OESN?

The OESN is a member driven network for job developers and other professionals involved in workforce development. Our membership is diverse and includes state agencies and community providers representing all demographics, youth to seniors (Youth, adult education and training, disability, legal history, low income, immigrant/refugee, Senior, etc.).

The OESN's members work to "let no job lead go unfilled" and commit to sharing information and resources to support job seekers and employers; learn from occupation/industry and employer specific presentations; problem-solve member challenges, and foster member collaboration.

Membership is FREE and includes participation in monthly meetings and the OESN listserv
