

DD Employment & Day Activity Outcomes Survey

2022 Annual Survey – Directions, Questions and Guidance

Important Dates

- **February 1 to April 30, 2022**, is the 3-month survey period.
- **April 10 to April 23, 2022**, is the two-week **data collection period** for employment and non-work activities in the community or a facility-based program.
- **May 2 to May 31, 2022**, is the data entry period.

Directions

- **Complete one survey per person assigned to your organization.**
- A **Survey ID** is assigned to each person. The Survey ID is the password to access the online data entry form. Contact your agency liaison if you do not have the Survey ID for an individual.
- Review the survey and directions in their entirety BEFORE completing the survey with the person.
- See the **Appendices** included with this packet for definitions and lists to help complete the survey with accuracy.
- Two-week employment and non-work activity data:
 - The activity data is a “snapshot” of the person’s employment and non-work activities in the community or a facility-based program, with or without support. It may not account for all activity experienced by the individual.
 - The data requested is related to time spent by the person participating in activities and is not related to billing and do not include transportation time to and from activities.
 - For the employment questions, include evening and weekend work hours.
 - Answer the non-work questions based on the person’s typical day service hours. For some, that may mean reporting hours for activities taking place in the late afternoon/evening and on weekends if the activity is related to day services.
 - When reporting hours of activity, round to nearest .25 (quarter) hour for all related questions. See the key provided with applicable questions.
- A **Survey Answer Sheet** is available for your convenience when collecting data. The Survey Answer Sheet corresponds to the online data entry screens. You can download the sheet at www.rioutcomesurveys.info.
- Start or update survey at <http://www.rioutcomesurveys.info>.
