

## Setting Your iClicker Course Settings and Preferences

By Scott Badger and Pat Hetu

1. Go into the iclicker Win folder which is located in the iclicker\_v54\_windows folder.
2. Double-click iclicker.exe.

3. Make certain your course appears under **Choose your** Course. Then click **Choose**.

4. Click on "Your Settings and Preferences".

Settings And Preferences

**General**      **Registration and Export**      **Polling Session**      **Sc**

Course Name:

Instructor's Remote ID:  (8 character code printed on back of remote)

---

**Toolbar**

The i>clicker toolbar floats on the screen above your presentation material

Toolbar Size:     Small     Large

Reset i>clicker toolbar to its start position.   

---

**Frequency Code**

The two-letter frequency code helps prevent accidental interference between different bases in close proximity. Students must set their i>clicker remote to match this code.

Subfrequency Code 1     A     B     C     D

Subfrequency Code 2     A     B     C     D

When the frequency code is not set to default value AA, show an alert message:

until manually closed     for 5 Seconds

for 30 Seconds     Not at all

for 15 Seconds

---

**web>clicker and Satellite Polling System**

[web>clicker](#) enables your students to vote using a web-based clicker. [Satellite Polling System](#) allows you to poll students from multiple classrooms using satellite bases.

- In the General tab, we recommend that you use all the default settings (as shown).

Settings And Preferences

**General**      **Registration and Export**      **Polling Session**

---

**In-Class (Roll Call) Registration**

Specify how your roster information is displayed for in-class registration.

- Last Name, First Initial, Student ID
- Last Name, First Name
- Student ID

**Web Registration**

A security code is only necessary for campus-hosted web registration.

Security Code:

Leave this code blank unless directed otherwise by your campus administrator.

**Course Management System**

Select your Course Management System to set up i>clicker for importing your CMS roster and exporting your i>clicker session data in your CMS format.

<input checked="" type="radio"/> General no CMS specified	Blackboard
<input type="radio"/> ANGEL	<input type="radio"/> Version 6 - 7.2
<input type="radio"/> Desire2Learn	<input type="radio"/> Version 7.3
<input type="radio"/> Moodle	<input checked="" type="radio"/> Version 8 and above
<input type="radio"/> Sakai	<input type="radio"/> Campus Edition (formerly WebCT CE)
	<input type="radio"/> Vista (formerly WebCT Vista)

6. Click the **Registration and Export** tab.
7. Below the Course Management System section, do one of the following:
  - a. If you're not using iclicker with RIC's current Course Management System (Blackboard 9) then select **General no CMS specified**.
  - b. If you are planning on using iclicker with RIC's current Courses Management System (Blackboard 9) then select **Version 8 and above**.
8. Click the **Setting** tab.

**General**      **Registration and Export**      **Polling Session**      **Scoring**

---

**Question Information** ?

Question information displayed in the i>clicker toolbar allows you to enter a question title and designate the correct answer (not visible to students).

- Show question information before each question
- Do not show question information

---

**Polling Timer** ?

The timer counts while the question is active. Counting up keeps the polling open until manually stopped while counting down automatically closes polling when the timer reaches zero.

- Count up from 0 seconds
- Count down from  (min:sec)

---

**Response Grid** ?

A response grid provides additional confirmation that a student's answer has been received.

- Do not show response grid
- Show response grid
  - Confirm response was received
  - Confirm response was received and show response choice

---

**Results Chart** ?

- Color histogram 
- Histogram 

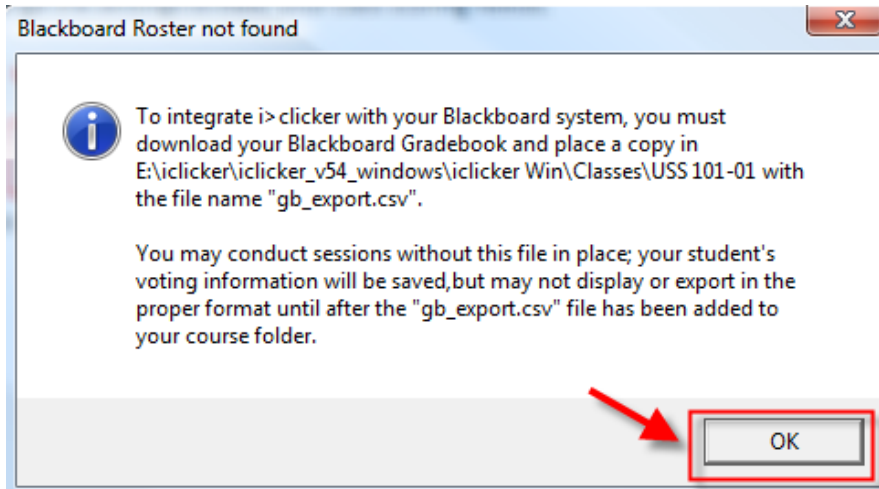

9. (Optional) Modify the settings if you wish.
10. Click the **Scoring** tab.

General	Registration and Export	Polling Session	Scoring
<p><b>Participation (Session-Based) Points</b> <span style="float: right;">?</span></p> <p>Participation points are awarded to students just for responding (regardless of how they respond) and are earned for the overall session (not individual questions). Participation points are useful for rewarding attendance and encouraging student engagement and accountability.</p> <p>Session Participation Points: <input type="text" value="1"/> (Points are awarded all-or-nothing for the session)</p> <p>Requirement to Earn Participation Points:</p> <ul style="list-style-type: none"> <li><input type="radio"/> Students must respond to 100% of the questions</li> <li><input type="radio"/> Students must respond to all but one question</li> <li><input checked="" type="radio"/> Students must respond to at least 75% of the questions</li> <li><input type="radio"/> Students must respond to at least 50% of the questions</li> <li><input type="radio"/> Students must respond to at least one question</li> </ul>			
<p><b>Performance (Question-Based) Points</b> <span style="float: right;">?</span></p> <p>Performance points are awarded on a per question basis and are earned in addition to any session-based participation points.</p> <p>Question Performance Points:</p> <p>Points for Responding: <input type="text" value="0"/>      } Each question is worth the total of these two point values</p> <p>Points for Correct Response: <input type="text" value="1"/>      }</p> <p>Total Performance Points:</p> <ul style="list-style-type: none"> <li><input checked="" type="radio"/> No limit to the total performance points earned in a session</li> <li><input type="radio"/> Limit total performance points in a session to maximum of: <input type="text"/></li> </ul>			

11. Change the settings to meet your class scoring needs.

12. Click **Set For Course**.

13. If you receive this window is because you selected Version 8 and above for the Course Management System back at step 7. You will need to download your Blackboard course's grade center. Refer to the "Exporting Your Grade Center to Use the Roster in iGrader" white paper.

14. The main iclicker window reappears.
