Grants for Music Instruction Programs for Children

Funding Source: Music Empowers Foundation

Deadline: Ongoing

Grants to USA non-profits, schools, and others that provide music instruction to children in communities where it does not exist or is underdeveloped. Priority for funding will be given to organizations that have the best potential to make a sustainable and measurable impact. Because of this, the Foundation will support a broad range of quality initiatives, giving a greater number of children the opportunity to learn, play, create, and perform music. Depending on the circumstances and the program/organization to which funds are being provided, multi-year grants will be considered.

The types of organizations/programs that will be considered for support by Music Empowers Foundation will include:

1. Public charities and foundations
2. Academies, universities, and colleges
3. Non-profit organizations
4. A consortium of multiple non-profits working together
