

Committee on General Education
Report to the Undergraduate Curriculum Committee
April 21, 2017

In April, COGE approved three courses:

1. *Encounters with Global Arts* ([ART 262](#)) as Connections
2. *Digital Media Lab* ([COMM 244](#)) as an Arts course
3. *Introduction to Meteorology* ([PSCI 214](#)) as an AQSR

We had an extended discussion of the purpose, format, and design of the [Advising Guide to General Education](#). We expect that the brochure used this year will be clearer and more informative for students.

Respectfully submitted,

James G. Magyar
