

Committee on General Education
Report to the Undergraduate Curriculum Committee

See <http://www.ric.edu/faculty/organic/coge/> for the latest COGE documents.

COGE solicited comments from all chairs and program directors on how the *Critical//Creative Thinking, Collaborative Work, and Oral Communications* outcomes are handled within their ma-jors, not just in general education courses. Responses are nominally due Dec. 1. Those already submitted are collated at http://faculty.ric.edu/organic/coge/coge_surveys.pdf.

In addition, we have analyzed (thanks to Olga Juzyn and Luda Shalapyonok) how students are meeting the Second Language requirement. That report will be posted at <http://faculty.ric.edu/organic/coge/> once COGE considers it on Monday.

Respectfully submitted,

James G. Magyar
