

## How are RIC graduates working out for you and your students?

In order to ensure that our programs effectively prepare students for their duties in schools, we ask you to complete this brief survey for each of the RIC graduate listed in your email whom we believe is working at your school using data obtained from RIDE.

There are two questions per graduate, one of which identifies the graduate's area of work and the other, a multiple choice grid to provide your perception of their performance. Complete an evaluation for each RIC graduate listed in the email. Please only complete surveys on those who actually are working at your school.

Note that the answers will be anonymized and aggregated during analysis. We are using this data only for program improvement purposes. Thank you in advance for your candid feedback to help improve our programs.
